ABOUT ME

An experienced Senior Tableau Developer with over 8 years of expertise in developing interactive dashboards, data visualizations, and implementing innovative solutions to enhance business operations. Known for building data-driven insights and delivering high-quality visual analytics at top companies such as Salesforce and Oracle.

PROFESSIONAL EXPERIENCE

Senior Tableau Developer

Salesforce, San Francisco, CA | May 2019 - Present

- Led the development of 40+ high-impact Tableau dashboards, providing valuable insights for executive-level decision-making, resulting in a 20% increase in overall team efficiency.
- Developed data models and performed in-depth analysis, enabling departments to make data-driven decisions across multiple business units.
- Collaborated with data scientists and analysts to create interactive visualizations, providing actionable business insights.

Tableau Developer

Oracle, Redwood City, CA | July 2015 - April 2019

- Designed and implemented Tableau dashboards to analyze data from various sources, streamlining reporting processes and reducing manual reporting time by 25%.
- Trained and mentored junior Tableau developers on best practices for dashboard creation, data interpretation, and data visualization techniques.
- Improved the efficiency of data integration workflows, contributing to a 15% reduction in data processing times.

EDUCATION

Bachelor of Science (B.S.) Computer Science

University of California, Berkeley, CA

Master of Science (M.S.) Data Science

Stanford University, Stanford, CA
